# HUSKY NIGHT SIGHTS

**HUSKY Night Sights are lightweight and compact with high performance, designed to meet demanding military specifications for weapon aiming sights. Rugged design with matt silicon rubber coating makes HUSKY Night Sights suitable for a variety of weapons from assault rifles to medium-size weapons like machine guns, recoilless guns and missiles.**

The controls and adjustments are simple and easy to use. The sight only has a power switch with reticle brightness control. Boresighting is accomplished by elevation and azimuth actuators located in a separate weapon mount. Senop is able to provide mounts for different kind of weapons in order to meet exact customer requirements.

Like other HUSKY Night Vision Devices, VV3X and VV2000 Night Sights have a simple maintenance philosophy enabling the rapid replacement of modular components. VV3X ja VV2000 Night Sights are part of Senop's HUSKY product family.

## VV3X TECHNICAL DATA

NSN: 5855-58-000-1000

Weight w/o batteries	750 g
Dimensions (l x w x h)	230 x 80 x 80mm
Resolution	> 2.5 lp/mrad
Intensifier tube	XD-4, XR-5, Intens, 3rd gen
Magnification	3 X
Focus adjustment	Fixed to infinity
Field of view	> 11 degrees
Diopter Setting	Fixed
Reticle	Illuminated
Parallax	< 2.5 cm at 100 m
Eyepiece eyerelief	25 mm
Eyepiece EFL	27 mm
Objective F-number	Effective 1.6
Objective EFL	90 mm
Power source	2 x 1.5V AA battery
Environmental	Complies with MIL-STD-810

## VV2000 TECHNICAL DATA

NSN: 5855-58-000-1753

Weight w/o batteries	500 g
Dimensions (l x w x h)	160 x 52 x 65 mm
Resolution	1,3 lp/mrad
Intensifier tube	XD-4, XR-5, Intens, 3rd gen
Magnification	1 X
Focus adjustment	25 cm to infinity
Field of view	40 degrees
Diopter Setting	Fixed
Reticle	Illuminated
Parallax	< 2.5 cm at 100 m
Eyepiece eyerelief	25 mm
Eyepiece EFL	27 mm
Objective F-number	Effective 1.2
Objective EFL	27 mm
Power source	2 x 1.5V AA battery
Environmental	Complies with MIL-STD-810

With 3x magnification, **VV3X Night Sight** provides exceptional night vision capabilities for longer distances. VV3X is an excellent choice for machine guns or recoilless guns. VV3X is also suitable for surveillance and observation in dark conditions.

**VV2000 Night Sight** is a genuine multipurpose tool for an individual soldier. It can be mounted on the head or helmet mount to be used as a night vision goggle and it also functions as a weapons night sight. VV2000 is an exceptionally good choice for soldiers with assault rifles. The total weight of gear carried by an individual soldier is lower when one item can be used in several functions.

### Standard Accessories:

- Carrying pouch
- User manual
- Batteries
- Cleaning kit

### Optional Accessories:

- Weapon mount
- Transport case
- Protective windows
- Filters
- MPC - camera
- Eye monitor
- Tele-extender (VV2000)
- Head mounts (VV2000)
- Helmet mounts (VV2000)

Our policy is continuous development and improvement. We therefore reserve the right to alter technical data without notice.
